

The South Gloucestershire Leadership Academy is committed to :-

- Creating new, vibrant leadership learning opportunities
- Enriching, extending and leading in innovative practice
- Creating a leadership programme that will build capacity at all levels in the organisation
- Providing high quality learning and support, appropriate to the individual, teams and organisations

“Good leadership and management is pivotal to investment, productivity, delivery of service and quality of performance”.

Professor Ron Ritchie –

Dean of the Faculty of Education, University of the West of England

The South Gloucestershire Leadership Academy

The children in South Gloucestershire are the responsibility of all leaders within the Department for Children and Young People, to generate excellence for all; no one should fail.

We believe that:

- Leaders should be inspired to extend their own leadership practices and then to distribute the learning at all levels
- Leaders at all levels are equal partners in developing excellence
- All leaders will be able to collaborate, to network their learning and thinking
- Leadership should be informed by research, critical reflection and dialogue

“THE CHILDREN ARE OURS ...

“Leaders can grow and refine their practice and be supported in their own and their organisation’s learning”

Our purpose is to:

- Improve practices for the benefit of all learners, so that all children and young people in South Gloucestershire achieve their full potential
- Research and enquire into leadership learning, nationally and internationally
- Gain strength from working together, with a shared responsibility for the well being and success of all our children
- Nurture best practice and well-judged innovation in leadership learning
- Influence future leadership development

THE ACADEMY IS OURS ...

In excellent organisations, the concept of stewardship is part of the cultural fabric. Stewardship is leadership without vested interest.

The success of the Leadership Academy is underpinned by a Stewardship Group that comprises of leaders across the service and within schools.

The Stewardship group endeavours to:-

- Shape rather than direct the work of the Leadership Academy
- Ensure the processes of growth and sustainability of the Leadership Academy
- Support innovation that works
- Stimulate productive networks
- Ensure accountability
- Create sustainable leadership

THE ACTION MUST BE OURS ...”
